Prüfung des Wortlauts

06.11.2026

Specific power of attorney – proposed text, not executed

1 Status and proposed signatories

This is the proposed wording prepared by the company office on 6 November 2026. It has not been executed. Konkan Meridian Analytics Private Limited, Mumbai, CIN U72900MH2018PTC318642, is the proposed principal. Arjun Deshmukh and Meera Iyer are named as proposed signatories for the company. Their ability to issue this power for the company remains to be established before execution. This text is not a certificate of that ability.

2 Proposed representative and transaction

The company proposes to appoint Mira Rosenfeld, business contact for its European projects, resident at Finkenstraße 8, 13125 Berlin, to represent it at a further German notarial appointment concerning the acquisition of the shares numbered 1 to 20,000 and 60,001 to 75,000 in Spreekern KI & Immobilien GmbH. The aggregate agreed price is EUR 840,000. The proposed representative is to act only within the wording approved for that appointment.

3 Scope to be settled

The proposed authority would permit the representative to make and receive the declarations expressly identified in a final text approved by the company. It would not authorise a purchase of real property, a guarantee for the German company's debts, a contribution of new capital or an appointment to the management of the German company. It would not permit substitution. No exemption from a prohibition of self-dealing is proposed by this text.

4 Earlier agreement

This draft does not itself ratify the share purchase and transfer agreement signed in Berlin on 12 October 2026. Whether a separate declaration concerning that agreement is intended, who may issue it for the company and to whom it is to be delivered must be determined before any final wording is signed. The agreed purchase price has already been paid; this draft contains no instruction to pay it again.

5 Execution status

No signature, signature authentication, apostille, consular certification or original-delivery confirmation is attached. The text ends here as the company office's proposal. It is not an executed power of attorney.
