Certificate concerning identity, signature and corporate records

1 Certificate

Before me, Rohan Vaidya, Notary practising in Mumbai, appeared Arjun Deshmukh, who identified himself by the passport produced to me and signed the attached declaration in my presence. I certify the identity of the person appearing and the fact that the signature on that declaration was made before me on 5 October 2026.

The declarant stated that he is a director of Konkan Meridian Analytics Private Limited. He produced a copy of the incorporation certificate, a DIR-12 filing receipt dated 24 June 2024 and a printout of company particulars captured on 23 September 2026. Those records identify him as a director. I have not inspected the original minute book or a complete set of resolutions governing the proposed purchase of German shares.

The declaration signed before me states that the declarant is authorised to represent the company for the transaction in Berlin. That statement is the declaration of the person appearing. My certification of his signature does not constitute an independent opinion that he has unrestricted authority acting alone for a purchase price of EUR 840,000.

Rohan Vaidya, Notary, Mumbai. Notarial register reference RV/2026/1005/47.

2 Deutsche Arbeitsübersetzung

Der Notar bestätigt die Identität von Herrn Deshmukh und die vor ihm geleistete Unterschrift unter dessen eigener Erklärung. Er nennt die vorgelegten Unternehmensunterlagen, erklärt aber ausdrücklich, weder das ursprüngliche Beschlussbuch noch sämtliche Ermächtigungsbeschlüsse zum Berliner Anteilskauf eingesehen zu haben. Die Behauptung uneingeschränkter Vertretungsbefugnis wird als Erklärung des Erschienenen wiedergegeben.
